

# Language Selection Program

2023-2024

Dear Parents,

Mandarin is an elective subject for our Junior School students. In Kindy to Grade 2, parents may elect to have Mandarin language studies as part of an afterschool program which will be offered once a week with Laoshi Coral leading the learning. Details on signing up for the afterschool program will be shared after the start of the school year.

In Grade 3 to Grade 5, parents may elect to have Mandarin language studies as part of the school day which will be scheduled to take place twice a week. This would split their language studies to be Bahasa Indonesia twice a week and Mandarin twice a week. Bahasa Indonesia is a compulsory subject in our school and the minimum number of classes is two times per week. As participation in Mandarin is optional, we need your help to complete a survey on this [\[link\]](#) indicating if your child will:

Join Mandarin 2 times a week and join Bahasa Indonesia 2 times a week or

Join Bahasa Indonesia 4 times a week

In grade 6 - grade 8, parents and the student may choose to take one additional language. The choice is between Mandarin or Korean First Language (for the native speaker only). We ask for you to please use this [\[link\]](#) to fill in the survey and make your selection.

We hope that this very intentional improvement to our language program will establish a solid English literacy foundation in our school while still providing additional language exposure to augment learning.

Thank you ahead of time for clicking on the appropriate link below to make your language selection for your child. Please note that you will need to fill out the form individually for each of your children. We kindly ask that you complete the language survey by Friday, 30 June 2023.
